AGREEMENT

1. Overton Power District #5 shall as soon as possible, deliver to the customer, the power for use on the premises occupied by the customer. Delivery shall be to the weather head or the meter base of the customer's electrical panel.
2. The customer shall purchase from the District and pay monthly for all power used and shall comply with all rate schedules, rules and regulations.
3. The customer hereby grants to the District, the right to operate, repair and maintain the electrical service lines located on the premises. The customer also grants the District the right to cut or trim all trees necessary to ensure the safe and reliable operation to the electrical system.
4. The District will make every reasonable effort to furnish service under this agreement. The District shall not be liable for damages caused by action of the elements, fire, flood, wind, and rain or for any cause beyond the control of the District.
5. All lines, facilities and equipment attached on the line side of the weather head or meter base shall be owned and maintained by the District unless other contractual arrangements are made.

To the best of my knowledge everything that is on this application is correct and I have read and agree to the terms and conditions of this service agreement.
